COURSE DESCRIPTION

At JMC Study Hub, we understand that every student has different needs and requirements when it comes to UGC-NET preparation. That's why we offer a range of courses for both Paper I (General Aptitude) and Paper II (Mass Communication and Journalism), classified into three categories: Basic, Standard, and Advance Course. For students who want to take both Paper I and Paper II together, we offer a Combo Course that provides both courses in one package. Our Combo Course is also classified into Basic, Standard, and Advance levels, providing students with the same range of options as our **COURSES** courses.

Our Basic Course provides a solid foundation for UGC-NET preparation, with a focus on the study materials and online exams.

Our Standard Course builds on this foundation and includes all the benefits of the Basic Course as well as recorded classes, doubt

classes, chat support, and year-wise Previous Year Question (PYQ) papers to help students further hone their skills. For those who require more intensive preparation, our Advance Course offers the most comprehensive live classes and unit-wise mock tests, ensuring that students are fully prepared to excel in their exams. With each course, students will receive unique benefits that are designed to cater to their specific learning needs, and our pricing is tailored to accommodate every budget.

The benefits and price of each course differ based on the level of support and resources provided. We believe that our courses offer the best value for money on the market, providing students with everything they need to succeed in their UGC-NET exams.

Choose JMC Study Hub for your UGC-NET preparation and take the first step towards your dream career in the field of academics.

What is the difference between recorded and Live classes?

Recorded class means syllabus topic classes and **Live classes** means PYQ topic classes.

Know about Super 10 Aspirants:

Super 10 is a unique and highly successful aspirant at JMC Study Hub, consisting of the top ten aspirants whose excellent performance has led to a high success rate in qualifying for the JRF or NET in the UGC-NET exam. To join this elite group, aspirants must achieve a top 10 rank in the weekly exams. The list of aspirants in the Super 10 is updated weekly on our website, ensuring that our students can track their progress and stay motivated to achieve their goals.

To maintain the highest standards of excellence, the frequency of the top 10 ranks in all exams will be monitored, and those aspirants who consistently rank in the top 10 will continue to remain in the Super 10. We also recommend our Combo Course of Advance Course type, as it has been shown to increase the chances of selection in the Super 10.

At JMC Study Hub, we are committed to providing our aspirants with the best possible resources and support to help them achieve their career aspirations.
